Olsztyn-Zheleznodorozhny-Chernyakhovsk railroad line , [specifically:]
60 kilometers from the Soviet border, 6 km southwest of Czerwonka , and
32 kilometers northeast of Olsztyn, [] the following observations 50X1-HUM
Between [] 8 p.m., and [] 8 p.m., 24 trains passed this point,
five of them between 3 and 4 a.m. 50X1-HUM

The Polish railroad timetables (rather old editions) show two passenger
trains in each direction.

The railroad [freight] traffic in both directions between Poland
and the USSR on this line would therefore be 20 trains per day.

It should be noted that during the night [] the sudden 50X1-HUM
spurt of traffic noted the previous night between 3 and 4 a.m. did not
repeat itself.

A 2-hour observation at the same location [] from 3 to 5 p.m. 50X1-HUM
[] only the Warsaw express passed by. 50X1-HUM

The tracks are guarded by guards in civilian clothes on bicycles. 50X1-HUM
